Explanations

Seventh & Eighth Grade Literature List

Following is the list of titles for the seventh grade reading list. It is desired that our scholars read at least 5 adopted books each year. Some books will be assigned in class, and others will be assigned for

outside reading. Every effort has been made to pick the best available literature. As with everything, each book must be read with scripture as our final authority/standard.

(All Landmark books are acceptable on the literature list)

Seventh Grade & Eighth History Reading List

This list covers the history period of Explorers to 1815. Our scholars will be reading numerous books from this time period in class. Outside reading is also encouraged, especially historical fiction which engages

the imagination and makes the time period come alive. We encourage you to read with your child books that may be above their reading level.

A Complete Classical Christian School Reading List (Grade 1-8)
